Published by publisher Rane Limited. Factorio is a construction game where you build and maintain your own city, based on the team-based strategy game, Dwarf Fortress. Key features include procedurally generated world, modular building design. Factorio has been compared to games such as SimCity, Elite Dangerous, Dwarf Fortress, Minecraft, and others. "Aim for the sky" is what Factorio's marketing team say, and with some luck you'll see the giant moon you are aiming at fall right on top of your roof. It's a fantastically big game, and it is a game that plays differently every time you load the game up. Factorio is available for Windows, Linux, and Mac OS, and if you want to run the game on your phone you can download Factorio APK (App installable). The game is also available on the iOS App Store, Google Play, and Amazon Appstore. Factorio V0.16.43 License Key - Addons/Supports/Multiplayer f678ea9f9e
